Requirements for submission of Match Log Book

Level	Requirements
Accreditation Submission	Technical Official Log Book containing a variety of matches. England Netball recommends a minimum of 2 matches per role (this does not include Bench Manager)
Running Log	All matches are required to be recorded and Technical Officials should keep scanned copies of Score Sheets. These may be required as part of the application stage to National or International Events. Technical Officials are reminded that they should participate in a variety of roles.
International Status	Technical Officials wishing to be considered for International status are required to be actively involved in England Netball Superleague and England Netball National Tournaments. All matches are required to be registered and Technical Officials should keep scanned copies of Score Sheets as these will be required as part of the application stage to International Events. Technical Officials are reminded that they should participate in a variety of roles.
